— 01 — THE SHIFT

The Rise of Skills-Based Hiring

India is moving decisively towards skills over conventional degrees. In a fast-paced, growing economy, employers are aggressively hunting for a future-smart workforce that demonstrates exemplary skills, portfolio and certification — rather than grade junkies and top scorers.

Every single academic module and certification has been designed and implemented in consultation with India's best recruiters and top executives from India's leading 500 companies who hire for fresher and mid-senior roles.

CONFIDENT, ARTICULATE, INDUSTRY-READY

This is in sync with the world's top employers and recruiters such as Google, IBM, Apple, Tesla, Microsoft, Deloitte, Walmart, Accenture, Target, General Motors, Zoho, Tata Consultancy Services and Infosys. **More and more companies are engaging in degree-agnostic hiring and becoming genuinely 'Skills-first'.**

"Skill-based, 'new-collar' hiring is rapidly replacing educational pedigree — the right skills now outrank any CGPA."

— 02 — THE INSTITUTION

About TSL

India's most relevant and employability-focused Business School — where every minute of classroom training is geared towards fast-track global industry traits and the certifications top recruiters aggressively hunt for, shaping hardcore employability skills that guarantee a sure-shot placement with rising India's topmost companies.

Skill-based and 'new-collar' hiring is rapidly replacing educational pedigree and mandatory degrees. Talented young people with the right skills and certifications can now surge ahead into the best new-age roles — regardless of their scores or CGPA.

Flexible EMIs & 'Job-First Pay Later' Education Loans

Available for all TSL students.

TSL Business School makes quality education accessible through flexible EMI payment options and student-friendly education loans offered by its banking partners. To ease the financial burden on students, loan repayments can begin as late as six months after securing a job or one year after successful completion of the course. This allows students to focus on skill development and building successful careers with greater financial confidence and peace of mind.

Pay Later

Repayment can begin up to 6 months after you land a job
